

STEP Series

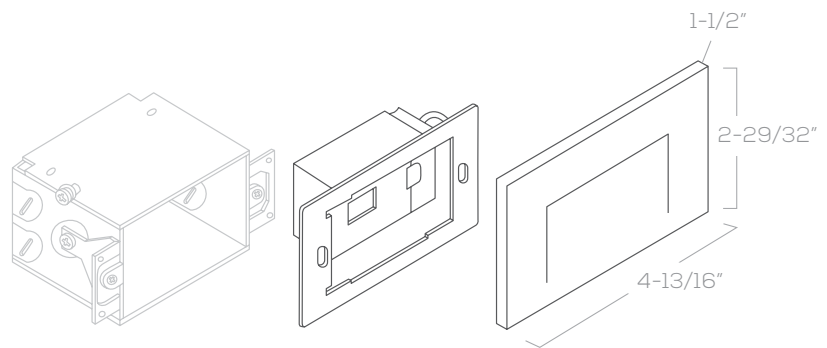

TRIMLESS STEP LIGHT

Part #	UT-STP-3W-
Project	
Type	

U Technology's in-direct Trimless LED Step Lights make installation easy with pressure-fitted, screwless faceplates give a clean, minimal look to any staircase. They are waterproof, fit into standard single-gang electrical boxes, and work with 120V AC direct-line voltage input for any indoor or outdoor project. These lights produce a warm glow with no glare and are designed to use extremely low power while producing zero heat, extending LED lifespan. Available in white or deep bronze interchangeable faceplate finishes.

PRODUCT SPECIFICATIONS:

Input Voltage	120V AC	Construction Material	Aluminum, screw-less faceplate
Power Consumption	3W	Finish	White, Deep Bronze
Light Output	100 Lumens	Certification	cETL to CSA and UL Standards
Dimensions (inches)	4-13/16 x 1-1/2 x 2-29/32	Mounting	Fits in standard 2"x4" gang box
CCT	3000K, Custom	Dimming	Dims to 20% without flickering
Location	Indoor/outdoor suitable	Warranty	5 years*

* Must meet U Technology Terms and Conditions
